NOW

“Extensive knowledge of this sector gives us the ability to offer great advice on products.”

▼ ENGINEERING & FABRICATION

Six decades of combined industrial trading history has given DNOW extensive knowledge of the engineering and fabrication sector that supports the UK's offshore industries.

Our understanding of the engineering and fabrication industry and the challenges faced by those working in this sector means we can offer knowledgeable advice and recommendations on a vast range of safety equipment, tooling and consumables.

With bases in two of the most important industrial areas of the UK – Great Yarmouth and Aberdeen, DistributionNOW is perfectly placed to provide complete supply solutions.

Engineering & Fabrication

DISTRIBUTION
NOW

▼ KEY PRODUCTS

- Flame-retardant workwear and PPE
- Abrasives and cutting discs
- Welding plant equipment and consumables
- Engineering tooling
- Power tools
- Handling equipment

▼ KEY SERVICES

Gas supply

Through our partnership with Air Liquide, we can supply cylinder gases for welding, cutting and other industrial applications, plus food-grade gases.

Tool calibration

Our experienced team can ensure power tools and other equipment are precisely adjusted and programmed for maximum productivity.

Equipment hire

We have a range of equipment available to hire on flexible agreements, including welding equipment, engineering tooling, power tools and machine-shop equipment, as well as Ursuit marine immersion suits.

SuperRun consignment stock management

We can manage stock levels on clients' behalf, ensuring their essential items are always available. We invoice monthly for what has been used (not what is on the shelf).

▼ CASE STUDIES

Seatrx UK Ltd

Seatrx is a manufacturer of API 2C cranes to the offshore oil & gas industry. DNOW supports Seatrx with a range of workwear and personal protection plus tooling and equipment.

"DNOW supplies our base in Great Yarmouth with a range of essential PPE and MRO equipment, providing on time delivery of quality equipment, at a competitive price."

Operations Manager

DSL (Derrick Services Limited)

DSL supports the Upstream Sector of the Industry, worldwide, for all services associated with offshore and onshore drilling structures. DNOW reliably supplies a vast range of required equipment for the majority of DSL's PPE and MRO needs.

"DNOW excels at supplying us with good quality products on time and at extremely competitive pricing. This is why we've built a great working relationship with them over the years that I'm sure will continue for many more years to come."
