DISTRIBUTION
NOW[®]

“The expansion into renewables was a natural step with roots in supplying offshore industries.”

▼ RENEWABLES

We have over 10 years experience supporting OWFs in the UK and Europe with reliable PPE and MRO supply solutions.

DistributionNOW's roots in supplying the marine and offshore oil & gas sectors made the expansion into renewables a natural choice and gave us a knowledgeable advantage. We are a registered supplier with UVDB and fully aware of, and compliant with, all necessary European safety regulations related to the offshore sectors.

We have now supplied the majority of the UK and Europe's wind farms, including supplying site developers, working with industry leading manufacturers and clients as well as the local support businesses native to Aberdeen, Great Yarmouth and Lowestoft.

DISTRIBUTION
NOW

▼ KEY PRODUCTS

- Fall arrest and lifting equipment
- Workwear and PPE
- Hand and power tools
- Marine lifesaving equipment
- Hi-Line Tools (tethered tools for working at heights)
- Janitorials and vessel consumables

▼ KEY SERVICES

Workwear personalisation

We have our embroidery, badging and heat-seal facilities in-house which means we can offer quicker turn-around times for company branded workwear and PPE.

Alterations and repairs

With skilled seamstresses on-site, we can make small alterations and repairs to workwear in-house to ensure the best fit and highest quality clothing.

Marine safety equipment servicing

In addition to our Ursuit immersion suit hire service, we also offer servicing and repairs for SOLAS approved marine safety equipment.

Full document compliancy

With every order, we can supply fully compliant documentation in line with the necessary requirements, including certificate of conformities and certification documents for European standards.

▼ CASE STUDIES

Greater Gabbard Offshore Winds Ltd

Greater Gabbard offshore wind farm is based in the waters off the coast of Lowestoft, Suffolk. DNOW supplies Greater Gabbard with specialist PPE, working at height and fall arrest equipment and a vast range of consumables.

"At Greater Gabbard, we use DNOW for various items. The service is excellent and they always go that extra mile to help."

General Manager

Statkraft

After a competitive tendering process, Statkraft chose to award DistributionNOW their contract to supply PPE, consumables and tooling for Sheringham Shoal Wind Farm.

"Our choice is based on reasonable pricing plus a quick turnaround on quotations, orders, delivery and reliability. We continue to build a good customer/supplier relationship."
